When Time and Protection Really Count!®

EFP CORP. | TCP A New Tier Packaging Solutions Provider

Cryo-Gel 0° phase change material is a structured, non-toxic, biodegradable, refrigerant that safely and inexpensively protects your products from freezing or overheating. Structured gels hold shape and resist spills if cut. Packaged in durable plastic or the no-sweat laminated pouch. Developed by our cold chain partner, **TCP** - A New Tier Packaging Solutions Provider. Contact us for information on phase change materials, temperature sensing and insulated shipping containers.

Product Number	***Description***	***Weight****	***Gel Size***	***Pieces / Carton***
FGEL00016	Cryo-Gel , CG1050	0.500#	5.50” x 6.00” x 1.00”	1 Case (48 Gels)
FGEL00009	Cryo-Gel 2, CGN1050	0.500#	5.50” x 6.00” x 1.00”	1 Case (48 Gels)
FGEL00017	Cryo-Gel, CG1075	0.750#	5.50” x 7.00” x 1.00”	1 Case (48 Gels)
FGEL00010	Cryo-Gel 2, CGN1075	0.750#	5.50” x 7.00” x 1.00”	1 Case (48 Gels)
FGEL00018	Cryo-Gel, CG1100	1.000#	5.50” x 7.50” x 1.00”	1 Case (36 Gels)
FGEL00011	Cryo-Gel 2, CGN1100	1.000#	5.50” x 7.50” x 1.00”	1 Case (36 Gels)
FGEL00019	Cryo-Gel, CG1150	1.500#	5.50” x 9.50” x 1.00”	1 Case (20 Gels)
