

Do you ship case stock or other large payloads of your temperature sensitive products? EFP has a selection of insulated shipping containers available for off-the-shelf delivery. The chart below has a selection of large payload EPS shippers that are built to a performance qualification that assures you a tough molded EPS shipper, some of which have been tested using **ISTA 7D Temperature Testing**. Shipping individual cases or pallets of product is made simple and with confidence with the EFP and Cryopak team. [Don't forget Cryopak gels and refrigerants!](#)
