PHARMATUFF®

When Time and Protection Really Count!®

Flu vaccines are coming and EFP has a selection of insulated shipping containers available for off-the-shelf delivery. The chart below has a selection of large payload EPS shippers that are **pre-qualified using ISTA 7D Temperature Testing**. Published results for this generic transit test using bottled water are available for review. EFP will also test to specific customer payloads to help insure compliance is on record at your facility. We also have a selection **pre-qualified 2°-8°C pallet shippers (up to 120 hour transit times)** for larger loads available under the Cryopak trade name..
